

■ General

Orange Peel Oil is an essential oil obtained by squeezing orange peel and distillation. It is contained in the orange peel at a content of 0.3 - 0.5 %. This essential oil is used as a solvent for resins and oils in the production of natural paints and as an aroma and fragrance in the food and cosmetics industry.

■ Uses

For diluting oil-based Kreidezeit products: Wood Lazure, Standoil Paint, Hard Oils, Multi Purpose Wax, and natural oils such as: Linseed Oil Varnish, Linseed Standoil and Tung Standoil. For cleaning tools that have been soiled with these products. For stain removal and degreasing of surfaces. For dissolving terpene-soluble natural resins such as rosin, dammar.

■ Composition

Orange peel oil

■ Container Sizes

Article no. 450	0.5 l
Article no. 451	1 l
Article no. 452	5 l

For prices, please refer to the valid price list.

■ Storage

Shelf life approx. 2 years if unopened. Always keep opened containers hermetically closed.

■ Warning

Pay attention to possible natural substance allergies. The natural raw materials used produce a typical product smell! Keep out of reach of children.

■ Disposing Leftover Product

Do not discharge product residues into the waste water, but keep them airtightly sealed and use them later. Put completely emptied containers into the collection of recyclables. The current official regulations for the disposal of paint and paint residues must be observed.

■ Hazard statements

- H 226: Flammable liquid and vapour.
- H 304: May be fatal if swallowed and enters airways.
- H 315: Causes skin irritation.
- H 317: May cause an allergic skin reaction
- H 410: Very toxic to aquatic life with long lasting effects

■ Precautionary statements

- P102: Keep out of reach of children.
- P210: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
- P241: Use explosion-proof (electrical/ventilating/lighting) equipment.
- P261: Avoid breathing dust/fume/gas/mist/vapours/spray.
- P273: Avoid release to the environment.
- P280: Wear protective gloves/protective clothing/eye protection/face protection.
- P301+P310: IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician
- P331: Do NOT induce vomiting.
- P303+P361+P353: IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water [or shower].
- P405: Store locked up.
- P501: Dispose of contents/container to special disposal.

The information above was determined based on our most recent experiences. Due to application methods and environmental influences, as well as the varying nature of the substrates, liability for the general validity of the individual recommendations is excluded. Users must test the product prior to application to ensure it is fit for the designated purpose (sample coating).
